

**TUESDAY 22th**

8h00 - 9h00									
Registration (Institut d'art et d'archéologie 3 rue Michelet)									
	Pathéon, salle 52-53	EHESS Bd Raspail Amphithéâtre	EHESS Bd Raspail salle informatique	Michelet salle 303	Michelet salle informatique	Michelet salle 106	Michelet salle 101	Michelet salle Doucet	Michelet salle 319
9h00 - 10h35	W10 Hands-on Workshop- Using Free and Open Source GIS tools: QGIS and GRASS for Archaeology and Cultural Resource Applications	W01 Hands-on structured light scanning workshop with discussion	W08 Exploring network structural properties with the GeoGraphLab GIS solution	W11 Introduction to network analysis for archaeologists	W07 Manage stratigraphic data with Le Stratifiant	W03 Hands-On Archaeological Conceptual Modelling		ARIADNE Meeting	ECAI Meeting
10h35 - 10h50									
Break									
10h50 - 12h55	W10 Hands-on Workshop- Using Free and Open Source GIS tools: QGIS and GRASS for Archaeology and Cultural Resource Applications	W01 Hands-on structured light scanning workshop with discussion	W08 Exploring network structural properties with the GeoGraphLab GIS solution	W11 Introduction to network analysis for archaeologists	W07 Manage stratigraphic data with Le Stratifiant	W03 Hands-On Archaeological Conceptual Modelling	W05 Online Resources for Archaeological Research	ARIADNE Meeting	ECAI Meeting
13h00 - 14h00									
lunch									
14h00 - 16h05	W10 Hands-on Workshop- Using Free and Open Source GIS tools: QGIS and GRASS for Archaeology and Cultural Resource Applications	W02 Digital Documentation of Cultural Heritage Structures and Objects with Terrestrial Close Range and Medium Range Laserscanning	W12 One hour, one model: Agent-based Modelling on-the-fly	W04 Vocabularies as Linked Data - Workshop	W09 Data analysis for human and social sciences : a multidisciplinary interface			ARIADNE Meeting	ECAI Meeting
16h05-16h20									
Break									
16h20 - 19h	W10 Hands-on Workshop- Using Free and Open Source GIS tools: QGIS and GRASS for Archaeology and Cultural Resource Applications	W02 Digital Documentation of Cultural Heritage Structures and Objects with Terrestrial Close Range and Medium Range Laserscanning	W12 One hour, one model: Agent-based Modelling on-the-fly	W06 Belling the Cat: Making CIDOC Conceptual Reference Model (CRM) data available as Linked Open Data (LOD): A practical hands-on workshop of a complete solution using freeware	W09 Data analysis for human and social sciences : a multidisciplinary interface			ARIADNE Meeting	ECAI Meeting

## WEDNESDAY 23th

	<b>Welcome (Amphithéâtre Richelieu 17 rue de la Sorbonne)</b>								
8h00-8h30	Opening speech								
8h30-8h55	Opening conference 1 : François Djindjian "Computers and mathematics in Archaeology, Anatomy of an unavoidable success !"								
8h45-9h05	Opening conference 2 : Paola Moscati "Jean-Claude Gardin and the evolution of archaeological computing"								
9h05-9h25	Opening conference 3 : James E Doran "Agent-Based Modeling and Archaeology: Past, Present and Future"								
9h25-9h45	Opening conference 4 : Bernard Frischer "3D Simulations as Tools of Discovery"								
9h45-10h05	<b>Registration &amp; Break (hall Soufflot 12 place du Panthéon)</b>								
10h05 - 10h30	<b>Registration &amp; Break (hall Soufflot 12 place du Panthéon)</b>								
	Amphi 2A ( 350 pl.)	Amphi 2B ( 250 pl.)	salle 6 (70 pl.)	Salle 2 (60 pl.)	Salle 1, (50 pl.)	Salle 11	Salle 15 (46 pl.)	salle 16	salle 17
10h30-13h	S03 Archaeology in the Woods: New Technologies, New Perspectives (18)	S26 Digital archaeology (15)	S27 New trends in virtual reconstructions of cultural heritage (9)	S21 Data mining in archaeology and historical sciences : new trends and developments (10)	S09 Strategy, Practice & Trends in Online Archaeology (11)	S23 Modelling approaches to investigate population dynamics and settlement patterns over the long term (9)	S16 GIS, a new trowel for archaeologists? The challenges of using GIS in preventive archaeology (10)		
13h-14h00	<b>Lunch (hall Soufflot)</b>								
14h00-16h05	S03 Archaeology in the Woods: New Technologies, New Perspectives (18)	S26 Digital archaeology (15)	S27 New trends in virtual reconstructions of cultural heritage (9)	S21 Data mining in archaeology and historical sciences : new trends and developments (10)	S09 Strategy, Practice & Trends in Online Archaeology (11)	S23 Modelling approaches to investigate population dynamics and settlement patterns over the long term (9)	S16 GIS, a new trowel for archaeologists? The challenges of using GIS in preventive archaeology (10)	R2 Linked Data Approaches to Numismatic Catalogues	CAA Steering Committee
16h05-16h20	<b>Break (hall Soufflot)</b>								
16h20-18h00	S03 Archaeology in the Woods: New Technologies, New Perspectives (18)	S26 Digital archaeology (15)	R3 Virtual Archaeology - the first 25 years	S21 Data mining in archaeology and historical sciences : new trends and developments (10)	S09 Strategy, Practice & Trends in Online Archaeology (11)	R5 CAA publication	S16 GIS, a new trowel for archaeologists? The challenges of using GIS in preventive archaeology (10)	R2 Linked Data Approaches to Numismatic Catalogues	
18h00-19h30	<b>AGM CAA Amphithéâtre 2A</b>								
19h30 - 21h30	<b>Social Event 1 : welcome cocktail</b>								

**THURSDAY 24th**

8h00 - 8h30								
Registration								
	Amphi 2A ( 350)	Amphi 2B ( 250)	salle 6 (70 places)	Salle 2 (60 places)	Salle 1, (50 pl.)	Salle 11	salle 15	salle 16
8h30-10h35	S29 Virtual Reconstruction in Archaeology (16)	S19 GIS methodologies, applications and regional Case studies (20)	S07 Ontologies and standards for improving interoperability of archaeological data (17)	S25 Agents, Networks, Equations and Complexity: the potential and challenges of complex systems simulation (17)	S10 Archaeology at large: embracing massive audiences for online applications (9)	S28 Digitization, visualisation and interpretation of ancient sculpture (7)	S04 Integrated and multidisciplinary approaches for digital documentation and research in Archaeology (19)	
10h35-10h50	Break (hall Soufflot)							
10h50-13h	S29 Virtual Reconstruction in Archaeology (16)	S19 GIS methodologies, applications and regional Case studies (20)	S07 Ontologies and standards for improving interoperability of archaeological data (17)	S25 Agents, Networks, Equations and Complexity: the potential and challenges of complex systems simulation (17)	S10 Archaeology at large: embracing massive audiences for online applications (9)	S28 Digitization, visualisation and interpretation of ancient sculpture (7)	S04 Integrated and multidisciplinary approaches for digital documentation and research in Archaeology (19)	
13h-14h00	Lunch (hall Soufflot)							
14h-16h05	S29 Virtual Reconstruction in Archaeology (16)	S19 GIS methodologies, applications and regional Case studies (20)	S07 Ontologies and standards for improving interoperability of archaeological data (17)	S25 Agents, Networks, Equations and Complexity: the potential and challenges of complex systems simulation (17)	S12 Community Archaeology and Technology (8)	S22 Reading between the lines: Computing applications for the analysis of archaeological and historical texts (10)	S04 Integrated and multidisciplinary approaches for digital documentation and research in Archaeology (19)	CAA Bursuary/Steering Committee
16h05-16h20	Break (hall Soufflot)							
16h20-19h00	S29 Virtual Reconstruction in Archaeology (16)	S19 GIS methodologies, applications and regional Case studies (20)	S07 Ontologies and standards for improving interoperability of archaeological data (17)	S25 Agents, Networks, Equations and Complexity: the potential and challenges of complex systems simulation (17)	S12 Community Archaeology and Technology (8)	S22 Reading between the lines: Computing applications for the analysis of archaeological and historical texts (10)	S04 Integrated and multidisciplinary approaches for digital documentation and research in Archaeology (19)	
20h-22h30	Social event 2 : Dinner Cruise on the Seine River							

**FRIDAY 25th**

8h00 - 8h30								
Registration								
Amphi 2A ( 350)	Amphi 2B ( 250)	salle 6 (70 places)	Salle 2 (60 places)	Salle 1, (50 pl.)	Salle 11	salle 15	salle 16	
8h30-10h35	S01 Towards a History of Archaeological Computing (13)	S02 Archaeological prospection, geophysics and remote sensing (16)	S20 (Re)building past networks: archaeological science, GIS and network analysis (8)	S17 From stats to storylines: computational approaches to archaeological spatial data and its interpretation (7)	S14 Practising Digital Cartography in Archaeology: What is at Stake? (9)	S18 How to deal with time in order to understand the dynamics of societies? (7)	S06 Modelling the Archaeological Process (6)	
10h35-10h50 Break (hall Soufflot)								
10h50-13h	S01 Towards a History of Archaeological Computing (13)	S02 Archaeological prospection, geophysics and remote sensing (16)	S20 (Re)building past networks: archaeological science, GIS and network analysis (8)	S17 From stats to storylines: computational approaches to archaeological spatial data and its interpretation (7)	S14 Practising Digital Cartography in Archaeology: What is at Stake? (9)	S13 Databases on cultural heritage and their geographic visualization (8)	S06 Modelling the Archaeological Process (6)	
13h-14h00 Lunch (hall Soufflot)								
14h-16h45	S01 Towards a History of Archaeological Computing (13)	S02 Archaeological prospection, geophysics and remote sensing (16)		R1 What do you want from Digital Archaeology?	S08 The third and fourth dimension in archaeological data modelling (7)	S13 Databases on cultural heritage and their geographic visualization (8)	S24 Modelling approaches to study early humans in space and time (5)	Horizon2020-Reflective 7 parallel Meeting
16h45-17h00 Break (hall Soufflot)								
17h00-17h30 Conclusion								

	GIS		Online archaeology		Times approaches		parallel Meeting
	3d Archaeology, virtual archaeology		Digital archaeology		Round tables
